Staring at the phone all day won't
Make you call me
And sittin here playin' it off won't
Change a thing
Writtin love letters that I'd never
Dare to send you won't tell you
How far deep I've gone since I met
You

I feel I'm stranded on an island
And you're miles away from here
I try to make waves but the ocean's
Quiet
Can anybody hear
My SOS

Closing my eyes to the truth won't
Persuade you
And lett you hold my heart will
Only cause more pain
Whispering prayers in the wind can
Not save me
Cause I'm still holding on to what's
Been gone

I feel I'm stranded on an island
And you're miles away from here
I try to make waves but the ocean's
Quiet
Can anybody hear
My SOS

I feel I'm stranded on an island
And you're miles away from here
I try to make waves but the ocean's
Quiet
Can anybody hear
My SOS
