I was the runt of the litter
I was the weakling
I was the last to discover
I was the ugly duckling

Chorus:

We're all the same on the inside
Though we're always up against anybody's outside
And it's hard to live up to strangers beautiful color
Some people always finish last still I ended up a
badass

I was never on the team
I could never seem to click
But in the end I guess I just wasn't into it

Chorus

The best I advice I ever got was
Don't be somebody you're not
And it's hard to measure up but I think I'm enough

Chorus
