Relieve your thirst  
stave off your hunger  
what satisfy your desire is the very thing  
yes, it's mother's flesh and blood.

My sword licks its lips up your body  
you will taste of my sword of lusts  
ready to do it  
no time to pray  
no way to escape  
no one to help you...

Any happy childhood memories  
any touch of soft and warm mother's hands  
you have these memories no longer  
she is gonna be your flesh and blood.

"Mother' I'm thirsty"  
"Drink some wine from the jar"  
"That's your mother's blood you're drinking"  
"Mother, a little bird in the chimney says I'm drinking  
your blood"  
"Throw your cloak at it"  
Having eaten the meat and drunk the blood,  
the little girl turned to her mother and said  
"I don't know why, but I'm very sleepy..."

"Come over here and rest"  
The girl undressed and approached the bed...

where her mother lay in a strange position...  
with a hood pulled over her face.  
"Mother, what big ears you have"  
"Mother, what big eyes you have"  
"Mother, what big claws you have"  
"Mother, what big teeth you have"

Spouting warm blood I've been looking for  
your fresh heart still beating in my hand  
I suck your juicy brain from the skull  
your eyeballs stare into space at nothing.

Ready for death  
no time to pray  
no way to escape  
no one to help you...

Heaven loves hell  
hell needs heaven  
a fallen angel once has borne wolf a son  
that is me, a child of mixed blood.

You only curse my fate, innate evil  
defile your purity with my original sin.

I can suck the cock of your god  
I can fuck your sacred god...

And then the wolf  
ate up little red riding hood...
