We did so many things wrong
So now I think it's too late for us
But wait, listen for a minute, baby

Spent last night wonderin' where you've been
Jumped in my ride just searchin' for somethin'
As I stopped at the light

Through all the noise I could hear your voice
So I looked in my rear view and I saw you
Oh, and it hurt so bad

What can I do, girl I saw you
What can you say, girl I caught you
Just can't explain the way he kissed you
It's gonna hurt I'm gonna miss you

I don't know what I'm gonna do, yeah
It's the very next night, your all alone
Waiting so, I looked in your eyes
Nothing there but despair

I asked where you were last night and don't lie
You said you spent the evening at your girlfriends
Why you wanna pretend

What can I do, girl I saw you
What can you say, girl I caught you
Just can't explain the way he kissed you
It's gonna hurt I'm gonna miss you

Baby, I can't lie
I'm not the average guy
And I'm not gonna sit around
I won't even ask you why

The choice you made was yours to make
So thanks for all the love you gave
But baby, now it's time to say goodbye
Goodbye, thank you bye, bye, baby

What can I do, girl I saw you

What can you say, girl I caught you
Just can't explain the way he kissed you
It's gonna hurt I'm gonna miss you

What can I do, girl I saw you
What can you say, girl I caught you
Just can't explain the way he kissed you
