nooo...nooo....

you see it...no no no..no no

listen baby

there's something crazy I'm feeling  
and I don't even know what I can do about it  
it keeps me up in the evening  
and I just can't clear my head..of you  
Baby I don't know what it is.. thats telling me  
that nothing could mean more than loving you  
I try to get my thoughts and my feelings together  
but no matter how I try to fight it, brings me back to you

(in the morning) I think of you  
(Late at night) baby I think of you  
(everyday) I think of you  
(and every other day) oh, I can too  
(when it rains) I think of you  
(when I cry) baby I think of you  
I don't understand what makes me think of you  
baby, I just do

everyday this feeling gets stronger  
not a minute or hour goes by that I'm not thinking of ya  
for the very first time in my life, I feel,  
deep inside I know the answer  
And what I feel is real  
baby now I know what it is..thats been telling me  
that nothing could be more than loving you  
And now I got my thoughts and feelings together  
see I understand the vibe I'm gettin, now I run to you

(in the morning) I think of you  
(Late at night) baby I think of you  
(everyday) I think of you  
(and every other day) oh, I can too  
(when it rains) I think of you  
(when I cry) baby I think of you  
I don't understand what makes me think of you  
baby, I just do  
(in the morning) I think of you  
(Late at night) baby I think of you

(everyday) I think of you  
(and every other day) oh, I can too  
(when it rains) I think of you  
(when I cry) baby I think of you  
I don't understand what keeps me (keeps me) thinking  
of you  
I do  
(Repeat chorus)
