Such vivid thoughts came running through my mind
All the time I had a chance to make you mine
I let that chance go and slip away
And I still regret it to this day

'Cause I knew you were
That special kind of love everywhere
As if you fell down from up above
But at that time I was too blind to see, oh, and now

I may have lost the true love of my life
'Cause I know in my mind I was afraid
I could belong to the wrong someone else
'Cause I know in her heart she was afraid

The other night I saw you with your friend
Wondering if you are happy in love with him
We said hello and then I moved along
Felt so wrong but I knew I had to carry

Couldn't look each other up in the eye
Knowing if we did we be paralyzed
Knowing these feelings are still here, and I

I may have lost the true love of my life
'Cause I know in my mind I was afraid
I could belong to the wrong someone else
'Cause I know in her heart she was afraid

But if the day comes along
That you are by my side
Then I will not have to say, ho

I may have lost the true love of my life
'Cause I know in my mind I was afraid
I could belong to the wrong someone else
'Cause I know in her heart she was afraid

I may have lost the true love of my life
'Cause I know in my mind I was afraid
I could belong to the wrong someone else
'Cause I know in her heart she was afraid

I may have lost the true love of my life
'Cause I know in my mind I was afraid
I could belong to the wrong someone else
'Cause I know in her heart she was afraid

I may have lost the true love of my life
'Cause I know in my mind I was afraid
I could belong to the wrong someone else
