you see there are 12 months in a year
but the month that is so special to me
that touches my soul is a november
a sweet, sweet november!

like an angel sent to chase my fears away
you were my sweet november
can't forget the day you showed me how to love again
sweet november

once upon not long ago
i was travelling a long and winding road
loneliness was with my soul
i could not imagine living life alone

like an angel sent to chase my fears away
you were my sweet november
can't forget the day you showed me how to love again
sweet november

i was wandering so far away from home
not a soul in sight no car nor telephone
longing for someone to call my own
what the hell is going on? tell me where did i go wrong

you came to me with all your life
you came and rescued me
i once was blind but now i see
you came and rescued me

like an angel sent to chase my fears away
you were my sweet november
can't forget the day you showed me how to love again
sweet november

now i sit with you

like an angel sent to chase my fears away
you were my sweet november
can't forget the day you showed me how to love again

sweet november

it was a sweet november
november. november

ohhh ohhh ohhh yeah
dj won't u play
you showed me how to love

like an angel sent to chase my fears away
you were my sweet november
can't forget the day you showed me how to love again
sweet november (repeat to fade)
