Listen up, yo, shit, I get upset if I see a nigga, layin' in  
his sweats  
With blood comin' out his head like sweat, knowin' I  
could be next  
So, what about all the babies that ain't fully born  
That's less fortunate like that man walkin' with one arm  
They tried to throw me up in a orphanage with all the  
kids  
But I stayed up in the offices 'cuz they couldn't get me  
off a kid

It's sad when a good mother put hard work  
Like wash clothes, off the shit we played on and got  
hurt  
Why she gotta pay for the dirt?  
'Cuz her only son is up the street with the whole block  
sour  
'Cuz you know bodies lay for 'bout for eight hours  
Wanna talk about our chrome whips

There's niggas out there don't own shit  
While we sit at home and bone a bitch while niggas is  
homeless  
See niggas get piped over dice, wiped out, over 4 digit  
price  
Damn near broke my heart, made me so sick, I had to  
go shit  
Found her up the steps a bloody mess, hopeless  
It wasn't cops 'cuz only street niggas empty the whole  
clip  
Ya know this

People come, people go, that's the way life is  
(And I heard that)  
I don't know what to do, guess I'll just handle it  
(And we heard that)

People come, people go, that's the way life is  
(And I heard that)  
I don't know what to do, guess I'll just handle it  
(And we heard that)

Yo, bullets don't have no name  
Or maybe y'all niggas should get better aim  
And stop puttin' these innocent people in pain  
It's a damn shame that life ain't, nothin' but a game  
And we all at the 4th quarter, 'cuz our time is shorter  
and shorter  
'Cuz y'all got time to tap our phones and hear the  
orders

And stop the coke from comin' across the waters  
But y'all can't stop the slaughters or the people from  
starvin'  
The guns is not standin' still, they still revolvin'  
Uptight and still mobbin'  
Blacks still sling cracks and I know why they call it fish  
scale  
From Colombia to New York on a boat the shit sells

Tell a weak sore, and when I score  
I'ma open up my door and give to the poor  
'Til they tell me they don't even want no more  
Y'all keep raisin' the rent, then tell us how to raise our  
kids  
And categorize us on, where we live like by on  
broadway  
It's all Dominicans and blacks that's packed in projects  
serious  
And why y'all call it a project, are we an experiment?

People come, people go, that's the way life is  
(And I heard that)  
I don't know what to do, guess I'll just handle it  
(And we heard that)

People come, people go, that's the way life is  
(And I heard that)  
I don't know what to do, guess I'll just handle it  
(And we heard that)

Yo, I wasn't tryin' to be a slave or encaged up with  
braids  
I was saved by a guy with a older age with grades  
Told me the other ways to get paid, than lettin' my gun  
wave  
We know you brave, get yo' shit tight and here's a pen  
It's much lighter, like click click, that's a gun sound  
Blau, that's a round now hit the ground

That's what Drag learns 'cuz his pop's back was turned  
Now call the cops, what about that gat that just got

pungin'  
Or that kid that got it 41 times, you call that justice?  
If it is, then what the fuck is this  
Somethin' I must have just missed  
Maybe Christmas and get a nut off, we get our hot  
water cut off

Off my Timbs I wipe the mud off, 'cuz I put the stomp in  
it  
Pretty rivers and lakes and ponds, Drag was in a  
swamp in Bronx  
Well, death is where I coulda gone  
'Cuz where I'm from the bullets long  
Y'all see the news, but why my block gang got no  
footage on  
'Cuz my life is like a movie, when you die, ain't no  
comin' back shit  
So if one of y'all get shot, nigga handle it

People come, people go, that's the way life is  
(And I heard that)  
I don't know what to do, guess I'll just handle it  
(And we heard that)

People come, people go, that's the way life is  
(And I heard that)  
I don't know what to do, guess I'll just handle it  
(And we heard that)

People come, people go, that's the way life is  
(And I heard that)  
I don't know what to do, guess I'll just handle it  
(And we heard that)

People come, people go, that's the way life is  
I don't know what to do, guess I'll just handle it
