No, no
You see it no no no no no no
Listen baby

There's something crazy I'm feelin'
And I don't even know what I can do about it
It keeps me up in the evenin'
And I just can't clear my head of you

Baby I don't know what it is thats tellin' me
That nothing could be more than lovin' you
I try to get my thoughts and my feelings together
But no matter how I try to find it, brings me back to you

In the morning
(I think of you)
Day and night
(Baby I think of you)
Everyday
(I think of you)
And every other day
(Oh, I can too)
When it rains
(I think of you)
When I cry
(Baby I think of you)

I don't understand what makes me think of you
Baby, I just do everyday this feeling gets stronger
Not a minute or hour goes by that I'm not thinking of
the love
For the very first time in my life, I feel deep inside I
know the answer
In what I feel is real

Baby now I know what it is thats been tellin' me
That nothin' could be more than lovin' you
Now I got my thoughts and feelings together
See I understand the vibe I'm gettin, now I run to you

In the morning
(I think of you)

Day and night
(Baby I think of you)
Everyday
(I think of you)
And every other day
(Oh, I can too)
When it rains
(I think of you)
When I cry
(Baby I think of you)

I don't understand what makes me think of you
Baby, I just do

In the morning
(I think of you)
Day and night
(Baby I think of you)
Everyday
(I think of you)
And every other day
(Oh, I can too)
When it rains
(I think of you)
When I cry
(Baby I think of you)

I don't understand what keeps me
(Keeps me)
Thinking of you
I do
(I think of you)
Baby baby
(Baby I think of you)
All I
(I think of you)
Every other day and night
(I think of you)
