Who cares if we can buy
All the diamonds
I care only about the love we share
I've been waiting for someone like you
All my life
And I'll do
Anything to make this work baby
For you
My love is more than true
You are all I need to breath
Come on baby

Only god knows
Where we're going
Cause our lust will last
And you know it
Why let it slip away
Caught in material things
Don't need a fancy watch
To try and downplay what we got

Baby it's my heart your holding
And your touch is so cold
Like it's golden
Making priority
Off all this jewelry
Instead of holding me

You thinking I don't notice
What you give to me
But you pushing me away
With every ring I see
You should know
That's not enough
I wanna feel your love
Can you surround me
With your energy
And go back to the time
When you had time for me
Let me know
Cause that's not enough
I wanna feel your love

Got me for one date
And won't you come and
Spend time baby
With a special lady
A true fighter
Give more then you could afford

You allready got my love
There's nothin to prove
Girl you,
Have the credit card
Don't show it
Let's take it back
Before we blew it
And move on
We can make it stronger

Only god knows
Where we're going
Cause our lust will last
And you know it
Why let it slip away
Caught in material things
Don't need a fancy watch
To try and downplay what we got

Baby it's my heart your holding
And your touch is so cold
Like it's golden
Making priority
Off all this jewelry
Instead of holding me

You thinking I don't notice
What you give to me
But you pushing me away
With every ring I see
You should know
That's not enough
I wanna feel your love
Can you surround me
With your energy
And go back to the time
When you had time for me
Let me know
Cause that's not enough
I wanna feel your love

And that's it
Baby(I wanna feel your love)

Don't need the watches
All the gifts
I mean they're nice
But baby I want you
(I wanna feel your love)
I want so much more than that
I love you

You thinking I don't notice
What you give to me
But you pushing me away
With every ring I see
You should know
That's not enough
I wanna feel your love
Can you surround me
With your energy
And go back to the time
When you had time for me
Let me know
Cause that's not enough
I wanna feel your love
