Ohh...
What do I gotta do to prove my love,
Yeah...

What do I do?
How can I prove that I'm serious about this love?
What should I say?
And is there a way to make you realize,
I won't leave your side?

Over and over, I'm holding you close,
And I'm telling you I'll never let go...

If a million days are never enough to know you,
And a million words won't let you be sure,
And a million ways of giving my love won't show you,
I'll open another door, and find a million more.

Half of your tears, you don't know I hear,
All of the nights you've cried, all you've left behind,
yeah,
I'll take the pain, wash it away,
If you just put your trust, in the two of us. (ohh...)

Over and over, I'm holding you close,
And I'm telling you I mean what I say...

If a million days are never enough to know you,
And a million words won't let you be sure,
And a million ways of giving my love won't show you,
I'll open another door, and find a million more.

Whatever went wrong,
Is not gonna hurt you any more,
I'll keep holding on,
I believe in this love, so until your sure...

If a million days are never enough to know you,
And a million words won't let you be sure,
And a million ways of giving my love won't show you,
I'll open another door, and find a million more.

Ohhh... listen to me,
Whatever I got to do to prove my love, I'll turn above,
And when my words won't let you be sure,
I'll open your heart, and I'll open another door to a
million more...
