I see the memories of your smile
Remembering the way things use to be
And now i just watch how you are
Fading...

How many mountains must I climb,
Girl to convince you are my life
Won't you come closer...
Because i'm dying for your love...

Chorus:
The way back home can be so hard
I know we'll make it if we're heart to heart
And if we give love everyday
I know we'll make it if we're heart to heart

Was it my selfish pride oh but i know
Was it the love i failed to show
Oh how i hate to see you
Crying...

Can someone tell us why we're here
Caught between words and pain and fear
So won't you come closer...
Because i'm dying for your love

Chorus

Did anybody tell you
That you mean the world to me
Did i ever get to show you
That you are my everything

Chorus

(never ever let you go)
(i can never let you go)

There's no way to start
If we're both apart
Please say you'll stay

That we'll be heart to heart
