I'm on my way into your heart,
I can't wait to be in your arms,
I'll be right next to your heart

It's been a lifetime since we both met,
You're eyes, your smile, girl you're sexy style
No I'll never forget,
Then as life would have it
We're part ways then,
Baby knowing in my next life
That I'd see you again...

They say love can be blind,
In some cases it's true,
Something tells me, baby that you're the one,
Though I've never laid my eyes on you...

I'm on my way into your heart,
I can't wait to be in your arms,
I'll be right next to your heart...
Yes I'm on my way into your heart,
And I can't wait, you'll be in my arms,
Baby right next to my heart...

I've been reminiscing about
How things were then,
And I can't wait, to relive yesterday,
Baby over again,
Girl I have to tell you
What's been on my mind,
Though it's almost been forever,
You've been in my heart all this time...

I know it may sound crazy,
But what I say is true,
I've got to tell you, baby, that you're the one,
Thought I've never laid my eyes on you...

I'm on my way into your heart,
I can't wait to be in your arms,
I'll be right next to your heart...

Yes I'm on my way into your heart,
And I can't wait, you'll be in my arms,
Baby right next to my heart...
