I ain't no down no lover
That is the way i am
I'll never leave you lonely
I ain't that kind of man

I ain't no imitation
I'll never break your heart
You'll never see me running
I finish what i start

And i'm starting to fall
For everything by you
And through it all, i will be by your side
I know what you need me to do and baby i'll be

[chorus]
True (and you know my love)
My love is true (and you know this heart is)
This heart is true (baby thinking of you)
True to you
True (and you know my love)
My love is true (and you know this heart is)
This heart is true (baby thinking of you)
True to you
So true

Girl if i make a promise
You know it's gonna stay
I couldn't leave you crying
I ain't that kind of man

I ain't no sometime lover
Ain't got no lying eyes
Baby i'm gonna be there
For you all the time

And the timing is right
For you and me to make that move
Baby baby tonight
Look in my eyes
Here's what i'm gonna prove

That baby i'll be

[chorus]

True to you

True

True

True

True to you

I'm gonna be

[chorus]

(repeat until fade)
