Will you still love me?
I've got to know
Will you still want me?
Will your love show?

Tonight, I'll give my love to you
And I'll give my heart to you
And I'll do the things you want me to
Tonight, I'll hear all your fantasies
And I'll keep them near to me
'Till we reach the morning sun
'Cause I'm not the kind of guy
That goes so easily
If I give my heart to you
Will you be there for me?

Will you still love me?
I've got to know
Will you still want me?
Will your love show?
That there's no measure
Of how much to give
Without you beside me
How could I live?
If you don't love me....

Girl, before I give you my heart and my soul (spoken)
Will you still love me?
I just gotta be sure, listen (spoken)

Girl, (oh girl) let's both not move too fast
'Cause we want our love to last
Beyond the morning sun
And you know it's right
To wait on that distant star
'Till we know just who we are
Still I know that you're the one
'Cause I'm not the kind of guy
That goes so easily
If I give my heart my to you
Will you be there for me? (hey)

Will you still love me?
I've got to know (oh)
Will you still want me?
Will your love show?
That there's no measure
Of how much to give
Without you beside me
How could I live?
Baby will you still love me?
Will you still kiss me? (oh, oh)
Will you still want me?
When I'm gone, will you miss, miss me? (hey...oh)
Will you still love me?
I've got to know
Will you still want me?
Will your love show?
That there's no measure
Of how much to give
Without you beside me
How could I live?
If you don't love me (don't love me...echo)
Will you still love me? (will you still love me...echo)

(musical until end)
