[D-Shade: talking]

Enter the station, the lyrical devastation

Wack MC annihilation and termination

Hey hey, watch this now

[Rapping]

Standing strong like foundation, making moves in  
combination

And yo the one who sets ???????? like sedation

It's the dread, knocking suckers out like Sudafed

Crush the opposition because they got me seeing red

They getting me madder

than Doc. Banner when he's in his altered state

At rapid rates I circulate to make the fakes disintegrate

Retaliate with forces from the subterranean

In hostile situations I'm aiming at your cranium

So heads up, you might get cut when we erupt

And when they ask, you can tell them hard was how I  
struck

The demolition team is demolishing, so caution

Is recommended when you up against the awesome

Individual shining like jewels

Better pay your rents and dues

'cause we sharper than Shinobi Ninja tools

Severing nerve endings up inside this hip-hop body

Do like we do for credit cards, destroy the carbon copy

CHORUS: D-Shade

Yo, we about to make this evident

We all up in here so you know we paid our rent

Yo, I'm out to make this evident

I'm all up in this, so you know I paid my rent

(REPEAT)

[Kandu]

Why. You try to find the right lie

But, you're wasting everybody's time while you're  
posing

I'm cool and slow with plenty of precision

Emmaculate dark vocal box

I live on the perimeter, on the South Shore, Mount  
Rushmore

I'm mad like Zulu language  
But you understand me perfectly, It's Kandu  
Supreme fuckin Kahn, I'm all eight(?) raise  
My following: each one teach one  
My name is on their brain and my name reigns  
Ring the alarm, another fucking sound done dead  
Romance and finance the legend  
You go on the job, run the fucking errands  
Playa-haters, snake fakes and devils tonight  
You will be no more, yesterday it was the eve of  
destruction  
Who next in line for the crushin'

CHORUS: Kandu  
Yo, we about to make shit evident  
We all up in here so you know we paid our rent  
Yo, we about to make it evident  
We all up in this so you know we paid our rent  
Yo, we about to make it evident  
We all up in here so you know we paid our rent  
Yo, Scales Empire, Shades of Culture  
You know, we done paid our rent

[Revolution]  
Head shaved like Telle, Savalis on your tele  
Vision and everything I ting I rhyme proficient  
Check this style,  
I compile herbs and verbs with no words from  
competition  
Sit back and listen  
Cut out your spine man like psycho cat scan  
Rap skills and ?? I expend your best friends  
I see through you like stencils  
I'm sharpening pencils  
for all the battles that we waged on instrumentals  
With the vocals cords aided by the larynx  
Kind of muffled through the mic because you fucking  
cuffed it  
Your rhymes have gotten rotten  
Before you got shot,  
the dance hall fans have all taken a switch stance  
Perfected in opposite reaction, traction needed to grip  
Run through class on your mic clip  
Pay your taxes the the governor  
And if you didn't pay your dues  
The crew's coming through and roughing ya

CHORUS: Revolution  
Yo, we about to make this evident  
We all up in here so you know we paid our rent  
Yo, we about to make this evident

We all up in here so you know we paid our rent  
(REPEAT)

"aw yeah" (Scratched up)

"yeah, ha ha" (Scratched up)

[D-Shade: talking]

Yes, this goes out to all the people  
out in N.D.G. F.R.I.T.Z. Each and  
every hip-hop community. And yeah keep it on the real
