Baby I'm all alone in the dark  
Tonight as I hold you close  
I feel the distance here in your heart  
Now when I need you most  
I hear the tears in the words you once said  
There's a lil bit less of you here everyday  
I feel you fading away ( fading away )  
I feel you falling apart ( I feel you falling apart )  
I see behind all the tears  
You won't let yourself cry, cry  
I see goodbye in your eyes  
In your eyes, in your eyes  
After the roses, after the rain  
Baby I'm holding on  
And you feel a million miles away  
Even here in my arms  
I see the sweetness of what used to be  
Becoming a part of my memories  
I feel you fading away

I feel you falling apart ( I feel you falling apart )  
I see behind all the tears  
You won't let yourself cry, cry  
I see goodbye in your eyes  
Baby, don't let go ( don't let go )  
Tell me I'm wrong ( tell me )  
I need to know ( cuz I need to know )  
I don't wanna believe what I see in your eyes  
That you're dreaming of leaving forever behind...  
I feel you fading away  
And I feel you falling apart ( I feel you falling apart )  
I see behind all the tears  
You won't let yourself cry, cry  
( I can feel you drifting )  
I see goodbye in your eyes  
In your eyes, in your eyes  
Goodbye...in your eyes....
