"Heart To Heat"

I see the memories of your smile
Remembering the way we used to be
And how I just watch how you were fading
How many mountains must I climb
Girl to convince you are my life
Won't you come closer
Because I'm dying for your love

The way back home can be so hard
I know we'll make it if we're heart to heart
And if we give love everyday
I know we'll make it if we're heart to heart

Was it my selfish pride, oh but I know
Was it the love I failed to show
Oh how I hate to see you crying
Can someone tell us why we're here
Caught between words and pain and fear
So won't you come closer
Because I'm dying for your love

The way back home can be so hard
I know we'll make it if we're heart to heart
And if we give love everyday
I know we'll make it if we're heart to heart...to heart

Did anybody tell you that you mean the world to me
Did I forget to show you that you are my everything

The way back home can be so hard
I know we'll make it if we're heart to heart
And if we give love everyday
I know we'll make it if we're heart
Make it if we're heart to heart

The way back home
The way back home
The way...

There's no way to start
If we're both apart

Please say you'll stay
Then we'll be heart to heart...
