Bridge:

Ooh girl i gotta give it to you now,
Just thinking i can slow it down,
I know you wonder if i play around,
But im down like flats on the ground

Solo:

I met the ma on tuesday (tuesday)
Somthing bout her caught my eye
She got alot she's moving
And everything just fits so right
She got alot of love
So imma tear it up when we hit the club
She got my heart pounding beats so when we hit the
sheets,
Telling you it gotta be right

Bridge:

Ooh girl i gotta give it to you now,
Just thinking i can slow it down,
I know you wonder if i play around,
But im down like flats on the ground

But only if your myyyy...

Chorus:(2x)

Your my official girl,
Move just how daddy like it
And come in my world,
She always gets it right when she be ridng that ohh,
Move her body like woah,
I hope your in official girl,

Solo:

Listen here, you know what i did, yeah,
Wasnt clear but babygirl i fell for you,
What you have given to me is right,
When i see that look in your eye,
Now i gotta tear it up,
On that freak freak touch,
Cant get enough oh yeah,

Now im taking a step back,
Lingerie tight in that all black,
Baby know that you are the truth,

Bridge:

Ooh girl i gotta give it to you now,
Just thinking i can slow it down,
I know you wonder if i play around,
But im down like flats on the ground

But only if your my,

Chorus:(2x)

Your my official girl,
Move just how daddy like it
And come in my world,
She always gets it right when she be riding that ohh,
Move her body like woah,
I hope your in official girl,

Bridge:

But only if your myyy
But im down like flats on the ground
