Follow me to the planet of liquidskies  
The planet of liquidskies  
I'm the voice from the planet of liquidskies to bring you  
the message  
Come closer to the speakers so I can see the light in  
your eyes  
I'm here to invite you on the journey to a planet of love  
and freedom  
So relax your body and open your mind for the melody  
transmission  
The melody is the only way to our shining planet of  
liquidskies  
Come closer to the speakers so I can see the light in  
your eyes  
Come on dance with me and feel the rythm take over  
your body  
Follow me to the planet of liquidskies
