"When You Come Back Down"

I watched your shadow move down the street
You fade into the night
Was it wrong for letting you leave
But would holding you back be right

Is this what you wanted (Is this what you wanted)
Is this what you need (You need) Yeah

I'll be here when you come back down
I'll catch you before you hit the ground
And when your world stops spinning round
I'll be here
When you come back down

When you're on the rebound
You're not lost but not found
When you cry out in vain
I will hold you through the pain

It's not what you wanted (It's not what you wanted)
But it's what you need (You need) Yeah

I'll be here when you come back down
I'll catch you before you hit the ground
And when your world stops spinning round
I'll be here when you come back down
I'll be here when you come
Down
Down
Down
Down
Down
