You are the talk of the town
You get around now
You're victim of your own complexity
Spinning around and around in your empty circles
It's really such a senseless tragedy

Simplicity ÆfÂçâ, -" what's it gonna take for you
To finally be free yeah
It's plain to see
That you would rather
Bang your head against the wall
Instead of just layin' it down

So what gives
Cause I can't shake this feeling
Continually you give the third degree
I know your pain, we're the same
And my heart's been broken
I will give you what's been given unto me

Simplicity ÆfÂçâ, -" what's it gonna take for you
To finally be free yeah
It's plain to see
That you would rather

Bang your head against the wall
Instead of just layin' it down

It's never easy (on the narrow road)
But you have to let go

Simplicity (simplicity)
Now you're swimming in the truth and you are free
indeed yeah
It's plain to see (it's plain to see)
That everything is looking up all from
Just layin' it

Simplicity (simplicity)
Now you're swimming in the truth and you are free
indeed yeah
It's plain to see (it's plain to see)

That everything is looking up all from
Just layin' it down
Layin' it down
