Hey you're back again  
Did I see you in the park  
But the evening came  
And I lost you in the dark  
Passed the village green where you were crouching by  
the bins  
You were on your own and hanging by the swings

And I was surprised now I'm not surprised  
That you changed your mind and you tried to hide x2

And I don't feel comfortable talking  
To anybody except you  
And I don't feel comfortable talking to anybody else

Hey you're back again  
Was the world too small for you?  
You were gone a year  
Have you done everything to do?  
It's a sad affair because nobody ever wins  
Down the fire escape  
I'll meet you by the bins

And I was surprised now I'm not surprised  
That you changed your mind and you tried to hide x2

And I don't feel comfortable talking  
To anybody except you  
And I don't feel comfortable talking  
To anybody else

And so far it's been civilised  
And so far it's been fine  
It's just the way it used to be  
Remember that your mine

And I don't feel comfortable talking  
To anybody except you  
And I don't feel comfortable talking  
To anybody else x2
