Hey, I'm back again
Did I see you in the park?
But the evening came
And I lost you in the dark

Passed the village green
Where you were crouching by the bins
You were on your own
And hanging by the swings

And I was surprised
Now I'm not surprised
That you changed your mind
And you tried to hide (x2)

And I don't feel comfortable talking
To anybody except you
I don't feel comfortable talking
To anybody else

Hey, I'm back again
Was the world too small for you?
You were gone a year
And you'd done everything to do

It's a sad affair
Because nobody ever wins
Down the fire escape

I'll meet you by the bins

And I was surprised
Now I'm not surprised
That you changed your mind
And you tried to hide (x2)

And I don't feel comfortable talking
To anybody except you
I don't feel comfortable talking
To anybody else

And so far it's been civilised

So far it's been fine
It's just the way it used to be
Remember that you're mine

And I don't feel comfortable talking
To anybody except you
I don't feel comfortable talking
To anybody else (x2)
