There are many things that I would be proud of  
If I'd only invented them such as the wheel  
The washing machine and the tumble dryer  
On these inventions surely I could retire

I want to retire  
No longer required  
I want to get by without the man on my back  
A tear in my eye  
With a heart full of pride  
I must go out on a high  
And tell nobody why

There are many things that I know I could do  
If I'd only have wanted to, such as create  
The perfect soulmate everyone would admire  
On this creation surely I could retire

I want to retire  
No longer required  
I want to get by without the man on my back  
A tear in my eye  
With a heart full of pride  
I must go out on a high  
And not to answer to why

I want to retire  
Inform the suppliers

I'll leave the party in style  
And not to be carried out  
Without a cloud in the sky  
I Got my fingers in pies  
A Golden watch on my side  
Will measure my free time

Now my place in History is surely assured  
I will be remembered here forever more  
Brand new product in place and a potential buyer  
Up on this next transaction surely I could retire

I want to retire

No longer required  
I want to get by without the man on my back  
A tear in my eye  
With a heart full of pride  
I must go out on a high  
And not to answer to why

I want to retire  
Inform the suppliers  
I'll leave the party in style  
And not to be carried out  
Without a cloud in the sky  
I Got my fingers in pies  
A Golden watch on my side  
Will measure my free time
