Verse 1

What are you looking for in life, do you even have a clue? Or are you one of those who wants your life to unfold in front of you? That sounds like me, there's so much I want to be. I'm not content with where I am now, but getting where I want I just wonder how. I want to step out there and make a bigger difference.

Chorus

I've got high expectations. Wanting to be just more than me. I've got high expectations. Dreams so big no one could believe. My expectations are so high I got depressed when I couldn't achieve. But there is something that all of us just got to believe. Our expectations will not be marked higher than God's, and He will take us exactly where we need to be. We are all here for a purpose, so I just got to see, that God knows what's best for me.

Verse 2

When I see all these people that made it to such a high position, it does more than just build my tension. Makes me feel I'm worth nothing at all, and there's nothing for me to do that will be my call. Why is it so hard to stop and take a different view? There is something that all of us can do.

Verse 3

Spread His word, Spread His word, Spread His word,
Spread His word, Spread His word. Spread His word,
Spread His word. Spread His word for Him!
