(VERSE 1)

Reasons, I can't find the reasons
To why on earth I act this way
I can't relate to anybody
Fearing, I lower defense again
Running through my fingers
I just hold my breath and count to ten

(BRIDGE 1)

Have I really got control of myself?
Have I really got control of myself?

(CHORUS 1)

I'm so afraid of you wo oh
I don't know what I'm doing
I'm totally infatuated with you
It's gonna end in ruin

(VERSE 2)

So what's the meaning of what I'm revealing
To you and you alone I lay
The burdens of my heart, I say are bleeding
Can't you remember them?
Move across to touch my hand
Controller of my soul again

(BRIDGE 2)

Have I really got control of myself?
Got to really get control of myself

(CHORUS 2)

I'm so afraid of you wo oh
I don't know what I'm doing
I'm totally totally infatuated with you
It's gonna end in ruin
