You and me are alike, as a pair of waterdrops
At least if you dare to ask him
I tend to put on a record, that you for me sang
Until I fell asleep in your lap

Before I saw nothing, and what I saw disappeared
But now I see all that which you see
On my finger I have your ring, and on the ring is written
That you are my heartbreaker

I wonder if you are out there now
If I send you my thoughts, do you feel them then?
Send me a hint and I'll let you have them

Even if he tells me little, and the memories are few
Are there things he can never take me away from
Like when we ran across the plantation, I hid in the
straws
You counted to a hundred, I know that you saw

I wonder if you are out there now
If I send you my thoughts, do you feel them then?
Send me a hint and I'll let you have them
I water my plants, and nurture what I saw
Seconds tick, and minutes go by
And time pass as hours and pass as years

Perhaps you don't exist anymore, and perhaps it is
hope
Perhaps you don't think of me either
But I'm waiting for the day we're out walking
You kneel and I'm on my toes

I wonder if you're out there now
If I send you my thoughts do you feel them then?
Send me a hint and I'll let you have them
I water my plants and nurture what I saw
Seconds tick, and minutes go by
And time pass as hours and pass as years
And those that live, will see...
You are my heartbreaker, heartbreaker

You are my heartbreaker, heartbreaker
