Lyrics: N Beggs

Date: 1985

All my loving all at once, I gave it all to you
jealous woman pull your punch, break my heart in two
sit down. sit right down and shut your mouth
sit down. shut up. listen to me, I'm talking to you
I said sit down. sit right down and shut your mouth
sit down. shut up listen to me I'm talking too
you know how to hurt me badly
you know how to hit me, hurt me, push me, punch me
you know how to hurt me baby
you know how to hit me, hurt me, push me, punch me

CHORUS

Don't push your luck now lady
don't push your luck too far
your tongue is vicious maybe
but my blow is burning fire
