I know what you're gonna say
Not that girl, no way
And that girl you see
Is me

I've tried to impress you
Tried to change
Nothing ever worked
I was just strange

I may not have the looks
May not have the brains
But I am me
And that'll stay the same

I wanted to be with you so bad
But I was never good enough and that made me mad

I questioned my life
Many times
Felt like a mistake
And pulled out a knife

I cried and cried
Inside of me, I died
Wanted you to like me
But what you see
Isn't what you wanted me to be

When I see you everyday
There is nothing I can say
Because I now know
That I'll never be with you one day

And as my tears fall to the floor
My guardian angel walks through the door
We talk for a bit

She tells me why I'll never have a chance
Because I have no confidence
