I closed my heart
I was perfectly numb
All my tears had crumbled to dust
I was doing just fine
Till you shattered my lonely bliss
With your kiss

Why did I fall for that
I was comfortable sinking fast
I didn't have
I didn't need
I couldn't feel
I could not breath
Why did you have to go and pull me back
How could I fall for that

I colour my world
All shades of grey
When you hide your heart
There can be no heart break
I didn't feel anything
I was doing just fine on my own
Til you came along

Why did I fall for that
I was comfortable sinking fast
I didn't help
I didn't need
I couldn't feel
I could not breath
Why did you have go and pull me back
How could I fall for that

Fall for you
Fall again
Just when I thought I was out
You pulled me back in

Made my peace
Can't hurt me
If love never gets the chance
My safe place

Where no hearts break
Alone in perfect loneliness
But I must have left defenses down
Just long enough to slip

Why did I fall for that
I was comfortable sinking fast
I didn't help
I didn't need
I couldn't feel
I could not breath
Why did ya have go and pull me back
How could I fall for that
