I closed my heart  
I was perfectly numb  
All my tears had crumbled to dust  
I was doing just fine  
Till you shattered my lonely bliss  
With your kiss

Why did I fall for that  
I was comfortable sinking fast  
I didn't have  
I didn't need  
I couldn't feel  
I could not breath  
Why did you have to go and pull me back  
How could I fall for that

I colour my world  
All shades of grey  
When you hide your heart  
There can be no heart break  
I didn't feel anything  
I was doing just fine on my own  
Til you came along

Why did I fall for that  
I was comfortable sinking fast  
I didn't help  
I didn't need  
I couldn't feel  
I could not breath  
Why did you have go and pull me back  
How could I fall for that

Fall for you  
Fall again  
Just when I thought I was out  
You pulled me back in

Made my peace  
Can't hurt me  
If love never gets the chance  
My safe place

Where no hearts break  
Alone in perfect loneliness  
But I must have left defenses down  
Just long enough to slip

Why did I fall for that  
I was comfortable sinking fast  
I didn't help  
I didn't need  
I couldn't feel  
I could not breath  
Why did ya have go and pull me back  
How could I fall for that
