When you can't find your way through the night,  
When you've lost touch and nothing's feelin' right,  
When you can't find that path that leads you home,  
You don't know which road to choose, thats when  
you've got to.

Listen with your heart.  
Listen to your soul.  
Inside you'll find the answer,  
the place you need to go.  
Listen with your heart.  
Your heart will let you know,  
No matter where you are,  
Listen and your heart will lead you home.

And when this world has got your mind confused  
Ooohhh  
Feels like your faith has done - run out on you  
When you can't find that faith inside your soul  
The strength you need lays deep  
Lays deep in you, thats why you've got to.

(Listen with your heart) Listen with your heart  
(Listen to your soul) Ooohh yeah  
Inside you'll find the answer  
To take you to, the place you need to go  
(Listen with your heart) Listen and your heart will let  
you know  
No matter where you are, the truth is never far  
Just listen and your heart will lead you home

We all lose our way sometimes  
We all lose our faith sometimes  
If you just believe, and just be strong  
Your heart won't do you wrong

(Listen with your heart) Listen with your heart  
(Listen to your soul) Ooohh yeah  
Inside you'll find the answer  
To take you to the place you need to go  
(Listen with your heart) Listen and your heart will let

you know  
No matter where you are  
The truth is never far  
Just listen and your heart will lead you home  
The truth is never far  
Just listen and your heart will lead you home
