True love can be mistaken  
If you're not careful, it could be taken  
Tears fall down, onto the cold ground  
I remember you, perfect and true  
There is no one like you  
Regrets turn into memories  
Spells cast over the horizon  
Don't fall into the trap  
Don't fall into his wrath  
Memories will fade, slower day by day  
Please let me drift away  
To a place of peace and serenity  
Where tears never fall, where I can hear your call  
I am wrapped in protection  
Surrounded by the love of you
