Look at that hair
Her shoes are so in...
Pfft, my style so totally wins! ?
I heart her Converse and her nails
I've so got to get that eyeliner!
Yawn... her skinny jeans are so not skinny
Heh heh mine are bumblebee yellow!
Her style is draining...
Omgahh her makeup is smearing!
I look so much better than her
Style... fake smiles... preppy or emo?
NO! ? My style so overrules...
My style is unique and cool...
I'ma beat you to the finish line!
