I wish you wouldn't be this way  
I know you've been through everything  
All I can say...  
Is it'll be okay  
If you let me try to help  
I can save you from yourself  
I know, I could

Because suicide is never the answer  
And if you let me, I'll be your savior  
To save your life  
And take away that knife

When you talk like this  
You make me cry  
Because I don't want you do die  
When you call me on the phone  
I can tell by your tone  
That something's wrong  
So I wrote you this song  
To tell you that...

Suicide is never the answer  
And if you let me, I'll be your savior  
To save your life  
And take away that knife

I refuse to let you go this way  
There's still so much I need to say  
There's still so much I need to do  
Like tell you how much I love you  
Please don't leave  
Believe what I'm saying  
Believe

Because suicide is never the answer  
And if you let me, I'll be your savior  
To save your life  
And take away that knife

You didn't listen to me

Told me how happy the world would be  
If you were gone, but you were wrong  
You didn't give your life a chance  
Barely gave it a glance  
Before you decided to look away.
