Kalai - Shushyaz

I am bathing in your angst  
I am pressured by dismay  
As the future of my pride says roll-up  
And folding in your pain  
Disillusioned and ashamed  
I'll make you fear the name of Shushyaz  
I can hear the tears in his eyes  
I can hear the crush of his jaw  
Humming my victory  
Oh hard like sacred stones fly the fists of righteous  
hands  
Sustaining dark demands to roll-up  
And softer than the blows you throw goes the mystery  
of a man  
Whom legend understands is Shushyaz
