The streetlights bow
The traffic sings
Think about how many times
Love changes lanes
Maybe we lived our lives in chains
Maybe we never were just friends
And the days go by
And you wonder why
You're still holding up the sky

I don't wanna miss you so much baby
I don't wanna miss you all the time
I don't wanna drive myself so crazy
And lie awake in someone else's arms
But I do

Right on time
The cymbals crash
And the tears you thought were gone
Have come to town again
Maybe my love wrecks everything
Maybe emptiness is key
There's a radio that calls your name
Everytime I hear it sing

I don't wanna miss you so much baby
I don't wanna miss you all the time
I don't wanna drive myself so crazy
And lie awake in someone else's arms
But I do
Baby I do

Maybe I'll chase the moon this time
Maybe I'll get it right this time
I was standing in your doorway
Hoping one day you'd be mine

But I don't wanna miss you so much baby
I don't wanna miss you all the time
I don't wanna drive myself so crazy
I don't wanna miss you all the time
Yeah yeah

I don't wanna miss you so much baby
I don't wanna miss you all the time
I don't wanna drive myself so crazy
And lie awake in someone else's arms,
But I do
Yeah yeah
But I do
