This time it feels so bittersweet  
To realize I've always known  
Still I lie awake in frozen sheets  
Safe and sound and so alone  
So I leave it behind  
And say hello

Now you're setting fire as you go  
And you waved goodbye to all that you know  
Running up a one way street alone  
You walk on home  
Walk on home

You hear the slamming of the door  
You realize you're on your own  
Your pride's still lying on the bathroom floor  
In a pile of sticks and stone  
This time leave it behind  
And say hello

Now you're setting fire as you go  
And you waved goodbye to all that you know  
Running up a one way street alone  
You walk on home  
Walk on home  
Walk on home  
Walk on home

You shout it out  
Until you know  
You're on your own  
Another soul  
Just walking home

Now you're setting fire as you go  
And you waved goodbye to all that you know  
Running up a one way street alone  
Now you're setting fire as you go  
And you waved goodbye to all that you know  
Running up a one way street alone  
You walk on home  
Home

Say goodbye, you know  
You walk on Home  
Walk on home

Walk on home
