You're looking so fine my baby
Just like you should.
You turn me on day or night babe
I knew you would.

You stay by my side I'm happy
I'll treat you good.
I'll treat you like a lady
I'll treat you like my baby

Everyone knows that I'm in love with you
Come around the clear blue sky
Everyone knows that I'm in love with you
leave me and I will die

Your body so hot in motion
That's to the beat
My temperatures rising babe
I can't stand the heat

You stay by my side I'll love you
Love you even more
I'll love you like a lady
I'll love you like no other
