Glider man over land he's soaring
Life below, could he know
He's flying over my lorry here
Natural high makes him sigh to know that he's so free
And he's smiling, down at me

For the mountains
Naturally

You watched the birds without a word and you wonder
(you watched the birds without a word and you wonder)
Could such a load have a hold
Amazed you sit and wonder
You wait for the winds to give an assuring hopeful kind
of a sign
And sail into the heavens of your mind

But he's flying
Naturally (oh yeah)
Over Oceans
Naturally

God's airborne here
You'd be (you'd be)
In his blue

One with broken wings is gone forever
He's left a gold for your soul
That you should remember
The ultimate that he earned didn't take too long
The limits that he reached are dead and gone

But he's flying Naturally (oh yeah)
for the mountains
Naturally (Heeeee)
Over oceans
Naturally
Over mountains
Naturally
Over hillsides
Naturally (Heeee)

Heeee (to fade)
