Some want to think hope is lost see me stand alone
I can't do what others may want then I'll have no home

So for now wave good-bye and leave your hands held
high

Hear this song of courage long into the night

So for now wave good-bye and leave your hands held
high

Hear this song of courage long into the night

And the wind will bear my cry to all who hope to fly

Hear this song of courage ride into the night

Battles are fought by those with the courage to believe

They are won by those who find the heart

Find a heart to share

This heart that fills the soul will point the way to

Victory

If there's a fight then I'll be there, I'll be there

So for now wave good-bye, leave your hands held high

Hear this song of courage long into the night

And the wind will bear my cry to all who hope to fly

Lift your wings up high my friend fearless to the end

So for now wave good-bye, leave your hands held high

Hear this song of courage ride into the night
