This is the Apocalypse  
The Prophecy has come true  
This is Hell on Earth  
Abominations that walk  
On desolate lands  
It is a terrible sight

The eyes can see  
The heart has melt  
So much horror  
On earth  
For the infamous Beast  
The Black Prince is here

Azrael  
Manifests him self  
Son of Fire  
Walk on the Earth

At his arrival  
The army of Kaledon  
Is petrified  
The King is frozen  
Lost in the horror  
Immovable

Azrael sees,  
Is turned and sneers,  
A powerful thunderbolt  
To his heart throws,  
The Great King falls  
And Daeniel shouts

Azrael  
Manifests him self  
Son of Fire  
Walk on the Earth
