I have a new power... I have new soldiers
I a new servant

With secret weapons, with my great fury
We are ready to fight

Surprise Impact... Devastating forces
The triumph of the evil
Surprise Impact

Mozul knew the fact that
They need more time
To prepare the men to fight
Against evil another time

Fighting on the air and
Fighting on the earth
Evil will rise
For his victory

I have to finish the work of Azrael and Carngus
This time is the last

Come on my undeads go
Come on my friends rise... Kaledon is near

Surprise Impact... Devastating forces

Mozul knew the fact that
They need more time
To prepare the men to fight
Against evil another time

Fighting on the air and
Fighting on the earth
Evil will rise
For his victory
