(CHORUS)

These are my confessions  
Just when I thought I could say all I can say  
I cheated on ya, now I got one on the way  
These are my confessions  
Man I'm throwed and I dunno what to do  
Guess I'll tell the truth, in my confession  
And if Im gonna tell then I got to tell it all  
Damn near cried when I made that phone call  
I'm so blown and I dunno what to  
do but tell the truth in my confession

(VERSE 1)

Now this gonna be the hardest thing I think I ever had to do  
To come out my mouth and tell you that I'm cheatin on you  
Wit this brotha that I met and now I'm creepin wit  
Got me 3 months pregnaut, now I'm keepin it  
1st thing that came to mind was you  
2nd thing jus dont want to believe this is true

3rd thing I gotta get up the nerve to say to you

I've done wrong, and I deserve to be alone

(CHORUS)

These are my confessions

Just when I thought I could say all I can say

I cheated on ya, now I got one on the way

These are my confessions

Man I'm throwed and I dunno what to do

Guess I'll tell the truth, in my confession

And if Im gonna tell then I got to tell it all

Damn near cried when I made that phone call

I'm so blown and I dunno what to

do but tell the truth in my confession

(VERSE 2)

Ooooh See now Im stuck on stupid tryin to figure out

When What and How Imma let this come out my mouth

See it aint gonna be easy, but see I need to stop wasteing time

tell the truth and maybe we can handle it (handle it)

I'm headed to his place, wishin I could erase

I gotta be a woman and tell him this to his face

What am I to do if he don't want to stay wit me??

Wait a second baby, Plz hear me

(CHORUS)

These are my confessions

Just when I thought I could say all I can say

I cheated on ya, now I got one on the way

These are my confessions

Man I'm throwed and I dunno what to do

Guess I'll tell the truth, in my confession

And if Im gonna tell then I got to tell it all

Damn near cried when I made that phone call

I'm so blown and I dunno what to

do but tell the truth in my confession

(SLOW TALK)

Now this has got to be the hardest thing I ever done

In my 21 years of breathin

Is tell the man that I really really love

That I'm pregnant by a man a hardly even know

Now... I'm not asking you to

accept that fact that I cheated

But forgive me

(CHORUS)

These are my confessions

Just when I thought I could say all I can say

I cheated on ya, now I got one on the way

These are my confessions

Man I'm throwed and I dunno what to do

Guess I'll tell the truth, in my confession

And if Im gonna tell then I got to tell it all

Damn near cried when I made that phone call

I'm so blown and I dunno what to

do but tell the truth in my confession
