The Tangerine Wizard turns purple for Julie

Mexican clowns are all dancing for Julie  
Green bells on their ankles that peal out aloud

Strawberry monkeys are smiling for Julie  
With pearl button eyes that reflect velvet clouds

Can you hear them smiling?  
You see them smiling  
You feel them smiling

Bubble drops upwards and comes down for Julie  
While spotlight is dancing and drinking rose wine

Can you hear them dancing?  
You see them dancing  
You feel them dancing  
Can you hear them dancing?  
You see them dancing  
You feel them dancing in your dream

Treacle tight thimbles and silver for Julie  
The clocks are all dead, so the living is fine

(Repeat 6 times)  
Can you hear them living?  
You see them living  
You feel them living
