That's what I be screaming when you're love don't ride  
Hate love  
Everybody knows that's a really thin line  
No cry  
I already know when your ass been lying

[Pre-Hook]

Naw nigga you don't love me  
Just sit down sit down sit down  
Naw nigga you don't need me  
Just sit down sit down sit down

[Hook]

And Watch me do that  
All this same hurt you could never take that  
Watch me do that  
Go around the world boy I never come back  
It get lonely in them streets  
Lonely without me  
It get lonely in them streets  
Lonely without me  
But watch me do that

That's what you be doing trying find out why  
Shut down

Imma' roll up and watch my feelings run round  
Come down  
Everybody know that's when you push it too far
