To the mighty star, to all it's people, to the mankind  
And to all true believers  
You have known your brother and your leader  
You know he never bowed to the despots

The dark cloud wavering in the sky  
Pushed forward with ill-willed wind  
Underneath walks a man having a dream  
Wants to teach us his own way to live  
Forgiveness is the word that he spreads  
Through the barrels of the guns he have made  
Entire world he wants to obey  
And more power for himself to take

What does he want from us? What is the reason?  
To occupy and to conquer, in the name of freedom?  
We don't need his principle in revolt we shall rise  
Soon he will notice that no-one converts us

The protest marchers fill up all the streets  
Soon will bleed in the hands of police  
The peaceful riot dispersed by the fire  
In our eyes burning bright we will fight  
So my brother, reach out your hand  
And receive the true meaning of faith  
The seed of the war has been plant  
Stand firm

For the... WE RISE  
Revolution... WE DIE  
For the... WE RISE  
Revolution... WE DIE

[Solo: A.Kokko & M.Sneck]

Amber lights illuminate all guns blazing  
I am the whip of God lashing you down  
This land that yesterday leaked nectar  
Now nothing but a battlefield opened wounds bleeding

I can smell the gun oil in my hands

When I'm taking away empty shells  
I can see someone falling down dead  
So the game is about to begin  
Our faith is our bedrock  
We shall not give up till we drop  
And we wonder, we cannot understand  
The meaning

For the... WE RISE  
Revolution... WE DIE  
For the... WE RISE  
Revolution... WE DIE  
For the... WE RISE  
Revolution... WE DIE
