Baby look into my eyes
Eyes don't know how to fake
I'm fragile but won't break
This pain is sweet, a sweet defeat

Darling open up your soul
Let go of all control
You're the restless part of me
You are the dreamer in my sea
I'm being born again in your every breath

Everything's black and white
Only one truth, only one lie
Sharing the same delight
I choose to smile, you choose to cry

Everything's black and white
The good, the bad, equal, the same
They draw us in the night
As you pull me back in the game

Baby look into my eyes
I'm wearing no disguise
I'm naked, wild and free
Now it's time, step into me

Oh, darling open up your soul
Let go of all control
You're the restless part of me
You are the dreamer in my sea
I'm being born again with your every breath

Everything's black and white
Only one truth, only one lie
Sharing the same delight
I choose to smile, you choose to cry

Everything's black and white
The good, the bad, equal, the same
They draw us in the night
As you pull me back in the game

Everything's black and white
Only one truth, only one lie
Sharing the same delight
I choose to smile, you choose to cry

Everything's black and white
The good, the bad, equal, the same
They draw us in the night
As you pull me back in the game

Everything is black and white
