I wish I took you away from
your problems and your
worthless life. I would have forced you to leave the
pills, the bottles behind. I

just wanted you to be as free
as me and see the world the
way it was meant to be. Now 6 feet deep and nowhere
to go.

No life, no future and no one
to hold. 20 years of life
shut down by substances of
waste. No laughs, no smiles,
only these tears of shame.
Dead. You threw your life
away. Dead. I wish I took you
away.
